

# ONCE IN A LIFETIME JAPAN REIKI TOUR

March 15 to 26, 2024  
with Brian Brunius & Lia Van Stigt

Cost €5500 (airfare not included)

See the sacred Reiki sites in Tokyo, including the cemetery and memorial stone of Mikao Usui. Visit the location of Chujiro Hayashi's Reiki hospital, and the tomb of Emperor Meiji. Travel by bullet train to Kyoto, and stay in a traditional Japanese lodge. Explore Japanese cultural and religious sites. Experience the traditional tea ceremony, visit with Geisha, and join the international Reiki Circle in Kyoto with the students of Hyakuten inamoto-sensei. By visiting selected temples, we will learn about the religious and cultural factors that influenced Usui, and which we see even today in our Reiki practice. We will spend three days on Mount Kurama, basking in the energy of the mountain and deepening our connection with the Light of Reiki.

Special guests will join us to present deeper insight  
into the spirituality and history behind these sacred places.
